Dear Stan:

Transmitted herewith, on behalf of **Wavecom, Inc.**, is an amendment provided in response to the request for technical information dated November 22, 2002.

1. The intent of this product is to be embedded into another device. The applications for those devices are wide and varied. Depending on the application the product can be fixed or mobile.
2. The final form factor and mechanical design of the host device is performed by Wavecom's integrators. This device is for mobile applications only.
3. Please find attached the MPE evaluation. Please disregard the SAR test report.
4. Please find attached the revised user's manual with the appropriate RF exposure operating statement.
5. The antenna, earpiece, and microphone will vary depending on Wavecom integrators and the final product.

If you have any further questions, please do not hesitate to contact us.
