024 48F V2.0

The main PCB area contains several integrated circuits and components. On the left side, there is a large square chip with the text "S1VW00K3" and "SKV77500-D". Below it is a smaller chip with "0803" and "MK". In the center, there is a large square chip with "Y9A088A" and "180810". To its right is another large square chip with "27518A". On the right side, there is a chip with "0715" and "1400VC". There are also several smaller components, including a capacitor and a diode.

The connector area features a multi-pin connector with a green plastic housing. The pins are arranged in a single row. There are also two circular holes, one yellow and one grey, located above the connector.
