FCC Part 15 Testing Attestation

To whom it may concern

This letter is to attest that the **ELPRO E2-950 UHF Transceiver Module** has been tested by this laboratory to FCC part 15, Sections A and B, sections 115.109 and 15.111 and was found to comply.

Testing was carried out to Part 15 as the device contains a digital device with a Serial RS-232 port and it also contains a receiver.

The verification compliance process has been applied to this device as:

- the receiver is contained within a transceiver
- the transceiver will be marketed for use exclusively in a commercial/business environment and will therefore be classed as a Class A device

Yours faithfully,

A handwritten signature in black ink, appearing to read "Andrew Cutler". The signature is fluid and cursive, written in a professional style.

Andrew Cutler
