

**Request for Confidential Treatment – Brivo Systems, Inc.**

**FCC ID No.: 09UA206**

Brivo Systems, Inc. requests that the materials in Exhibits \_\_ through \_\_\_\_ be withheld from public disclosure in accordance with the Commissions Rules, following grant of the application. This material includes circuit diagrams and other technical details that Brivo Systems, Inc. treats as confidential business information and does not disclose to third parties except pursuant to a nondisclosure agreement. Disclosure of this material would cause competitive harm to Brivo Systems, Inc. because it would, in effect, give away information that was obtained at great expense in the development of the equipment for which this application is being filed.

Respectfully Submitted,

Bobby D. Melvin  
V.P. and General Counsel  
Brivo Systems, Inc.
