

## End user information

2023-08-29

Device description:	Advanced Radar Sensor, ARS6-A
FCC ID:	OAYARS6A

The above stated product is manufactured by the grantee (**ADC Automotive Distance Control Systems GmbH**) and sold as an OEM product.

When end-user instructions are required, as is the case with this product, the certification owner must inform the OEM to notify the end-user.

**ADC Automotive Distance Control Systems GmbH** will supply the following information to the reseller/distributor dictating what must be included in the end user's manual for the commercial product.

**INFORMATION TO BE INCLUDED IN THE END USER'S MANUAL**

**The following information must be included in the end product user's manual to ensure continued FCC regulatory compliance. The ID numbers must be included in the manual if the device label is not readily accessible to the end user. The compliance paragraphs below must be included in the user's manual:**

Advanced Radar Sensor, ARS6-A  
FCC ID: OAYARS6A

**Radiofrequency radiation exposure information:**

This equipment complies with radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiator and the body of any persons, user or bystander. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**US FCC Notice:**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
