Certification File update

Authorization Letter

Innovative Communication
in Wireless World

August 6, 2012

To: SIEMIC, INC.
775 Montague Expressway,
Milpitas, CA 95035
USA

Dear Sir/Madam,

Re: Certification File update Authorization Letter

Product name: Bluetooth module
model name: NVC-MDCS42
FCC ID: OC3BM1842

We, NovaComm Technologies Inc hereby authorize SIEMIC, INC. to act as a Certification Body for modifying for the following file(s):

1. External photo
2. Test report

The original External photo on file has the bluetooth module and adapter plate together. Now we need the photo for bluetooth module to only show the module without the adapter plate. Please kindly help to update and replace it with the original photo on the test report. Would you please, have any inquiries, please, do not hesitate to contact us.

Sincerely,

Client's signature
