Re: FCC ID: ODB-POSMINI20

To Whom It May Concern:

The following application is submitted on behalf of our client, ValidFill, LLC, for evaluation of their model PS000SA004 for certification under FCC Part 15.247.

The FCC ID: ODB-POSMINI20 is a frequency hopping spread spectrum transceiver operating in the 902 MHz - 928 MHz ISM band. The equipment is used to program RFID enabled beverage containers.

The FCC ID: ODB-POSMINI20 was tested in full and was found in compliance to the aforementioned test requirements.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large, prominent 'R'.
