0.459 Request that submitted material be withheld from Public Inspection

Products: 31xxA (609x-301) iCLASS OEM Module Family

It is requested that the following material be withheld from public inspection:

**Description of the iCLASS OEM Module, Circuit Functions, how the device operates,
Ground System, and Antenna**

Block Diagram

Schematic

These materials are considered HID Corporation Proprietary and Confidential.

Revealing the fundamental design for the product to the public, the OEM, and our competition would put us at a competitive disadvantage.

We feel we have a product cost/design advantage over our competition with our iCLASS OEM Module family and therefore ask that the above-specified materials be withheld from public and OEM inspection.
