Subject: Request for Confidentiality
FCC ID: OEW-M64-25

To Whom It May Concern:

In accordance with Section 0.459 of CFR 47, interWAVE Communications Inc. requests confidentiality for the following items:

1. Block Diagram (Exhibit 4)
2. Schematic Diagrams (Exhibit 5)
3. Technical Description Required for Section 2.1033 (c) (Exhibit 10)

These items contain detailed system and equipment description and related information about the product which interWAVE Communications Inc. considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, interWAVE Communications Inc. also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Yours truly,
