RE: Request for confidentiality per FCC Rule Sections 0.457 and 0.459
Applicant: **ADC Telecommunications Inc.**
FCC ID: OEWMBSS19
 1930-1990 MHz GSM Base Station

To whom it may concern,

Request is hereby submitted, on behalf of my client **ADC Telecommunications Inc.** to withhold from public review indefinitely certain portions of the application for equipment certification for the referenced FCC identifier. The referenced product is a 5.8 GHz radio module for which limited modular approval is sought. In particular, the following sections of the application and report are requested to be kept confidential:

Operational Description
Schematic
Block Diagram
Tune up procedures
BOM

Rationale for request for confidentiality:

ADC Telecommunications Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
EMC Consultant/Agent for ADC Telecommunications Inc.
