425-702-2500

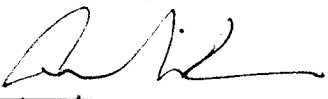

Federal Communications Commission  
Attn.: Product Type Approval Department  
7435 Oakland Mills Rd.  
Columbia MD 21046

To FCC Examiner:

The AT&T Wireless Services Base Station, B1.5 WCS, has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of our knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed as defined in the Commission's regulations, will conform to the sample(s) tested within the variation that can be expected due to the quantity produced and testing on a statistical basis. The test results and conclusions that accompany this Type Acceptance Application and test report are certified to be true and correct, having been taken personally or under the supervision of the undersigned individuals.
