

7th August 2012

Subject: Conformance with requirements of 15.247(b) and 15.407(a)

Dear Regulatory Authority,

This is to certify that products DN100 and DN200 utilising FCC ID OFD-2003DN001, will be configured and installed professionally. They will be configured to conform with the requirements of 15.247(b) and 15.407(a), and instructions for this have been stated clearly in section 1.1.1 of the User manual. If they are configured with antennas with gains greater than 6 dBi, corresponding and appropriate reduction of output power, to conform to 15.247(b) and 15.407(a), will be configured.

Sincerely,

A handwritten signature in black ink, appearing to read "James Taylor", is written over the printed name and title. The signature is fluid and cursive.

Responsible Person's Name JAMES TAYLOR  
Title CEO Datasat Technologies Ltd.
