Pursuant to Section 2.943 of the Commission's rules, please forward a sample of the above referenced equipment to the FCC Laboratory for the purpose of sample testing. If a production sample isn't available, please submit the equipment used for generating the FCC Test Report or a prototype identical to it.

You will have a period of 30 days from the date of this letter to supply the requested sample, or your application may be dismissed pursuant to Section 2.917(c). We have determined that 30 days is a reasonable time limit in which to supply the requested sample. Requests for extension of this time will be accepted in writing only, and must provide an explanation of the circumstances which necessitate an extension. A request for extension will only be granted under extenuating circumstances.

The sample and all related accessories including connecting cables used to generate the test results should be submitted.

**ALL** samples and accessories must be properly labeled with the **IDENTICAL** identification as referenced above.

The sample **MUST** be shipped with charges **PREPAID**. To avoid delays in testing and return of the equipment, a copy of this correspondence and the return shipment information listed below should accompany your shipment. Please address the shipping container to the attention of the sender of this correspondence.

Instructions for shipping samples may be found on the Internet at [www.fcc.gov/labhelp](http://www.fcc.gov/labhelp) in the KDB publication 287378.

In order to expedite the testing and return of the sample please submit the following information with the sample:

1. Provide a list of each piece of equipment submitted, its FCCID, model number, and serial number.
2. Provide the complete shipping address along with the name, email, and US phone number for the contact person to which the sample should be returned.

is completed.

4. Indicate the preferred carrier for return shipment and the account number.
