To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by Grundfos Holding A/S to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Detailed Antenna information
- User Manual

Justification: The module is not for sale to the public and is not available for anyone except the applicant

Rationale for request for confidentiality:

Grundfos Holding A/S has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

Yours sincerely,
GRUNDFOS Holding A/S
