Re: FCC ID: OGE-QSM, Attestation

Gentlemen:

The QSM transceiver meets the requirements of the FCC Rules, Part 90.203(e) and (g), as applicable.

Tuning and calibration of the QSM's transmit frequency and power is performed by our controlled manufacturing process. The operator does not have access to this functionality.

Sincerely,

A handwritten signature in black ink that reads "Robert H. Kane".

Robert H. Kane, President
Qual-Tron, Inc.
