

Dear Application Examiner:

We, the undersigned, hereby request your authorization of a modular approval for the RFID RF Module, FCC ID: OGSMPR1712.

The requirements of Public Notice DA00-1407 have been met as listed in table below.

Transmitter Module Characteristics

Item	Requirements	EUT
1	The modular transmitter must have its own RF shielding.	The radio portion of this module has been shielded, see exhibition External Photo.
2	The modular transmitter must have buffered modulation/data inputs.	The EUT has buffered data inputs integrated in chip Tex Inst TMS320F2811.
3	The modular transmitter must have its own power supply regulation.	The chip's RF converter which will influence the frequency radiation, has to be 3.3V powered. The AC Adapter provides 9V (DC).
4	The modular transmitter must comply with the antenna requirements of sections 15.203 and 15.204(C).	The EUT meets the FCC antenna requirements. The spurious emission, unique antenna connector and photo of antennas are shown in test report.
5	The modular transmitter must be tested in a stand-alone configuration.	The EUT was placed on an extended card connected to Notebook Computer as a stand-alone configuration. The EUT was tested outside of the Notebook Computer. Please see section Photographs of Test Configuration in test report.
6	The modular transmitter must be labeled with its own FCC ID number.	See exhibition Label Sample for the FCC ID of this module. Also in exhibition Users Manual for instructions given to OEM on how to label end products.
7	The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.	The EUT is compliant with all applicable FCC rules. Detailed instructions for maintaining compliance are given in the Users Manual.
8	The modular transmitter must comply with any applicable RF exposure requirements.	The EUT is compliant with all applicable RF exposure requirements. RF Exposure is addressed in the RF exposure exhibition

Please contact me if you have any further questions. Thanks for your attention.

Sincerely Yours,

Eric Huang 
 Interim CEO
 Applied Wireless IDentifications Group, Inc.
