Attention: Robert Wiser

We have reviewed the application for certification authorization which was submitted to Elite.

Upon review of your application it was determined that additional information is required to complete the application for certification authorization. The additional information required is listed below:

Administrative Review

1. Exhibit C: Internal photographs are blurry. Please submit clearer internal photographs.

Technical Review

2. Exhibit E: Test measurement report states that a double ridged waveguide antenna was used for the measurements above 1GHz. The equipment list does not list a double ridged waveguide antenna.

The application for certification authorization cannot continue until all information requested above is returned to Elite.

The status of your application for certification authorization has been placed on hold for a period of 30 days or until the items listed above have been addressed. During this time Elite will be happy to answer any questions or assist in any way possible for a successful grant of certification authorization. At the conclusion of the allotted 30 day period, Elite reserves the right to dismiss your application for certification authorization if no reply to this inquiry is received.

Sincerely,

Dan Crowder
Certification Department Supervisor
