Re: OET Correspondence Number 10234

Dear Sirs:

In response to your request for additional information concerning FCC ID OH6-CT2-001, Terion, Inc. ("Terion"), has responded by uploading electronically the required information. Specifically, Terion has maintained the address contained in the Commission's database, but modified the Form 731 to have information concerning this equipment sent to its division in Texas. Terion has amended the drug certification statement as requested and has uploaded the needed exhibits for its identification labeling and internal and external photos.

Please contact the undersigned should there be any additional questions.

Sincerely,

/s/

Thomas S. Dombrowsky, Jr.
Engineering Consultant
