Ref No: QTK99-F027B
Date: December 29, 1999

FCC ID: OIBKAV-LINKERS1
Applicant: Kai-Link Corporation Ltd.
Correspondence Reference Number: 11190
731 Confirmation Number: EA95700
Type Product: 433.89 MHz Periodic Remote Control Transmitter

This is in response to your email message dated 12/28/99.

I understand the filed additional test data contained errors and could not be opened. Today I will resend these exact same two files sent in Acrobat 4.0 version PDF file format. Also, just-in-case you still cannot open, I rescanned these two files into one new PDF file entitled "Rescanned Peak Graph Measurement" and will file.

I hope this can resolve this outstanding matter.

Best regards,

Richard Mullen
