

Date: March 26, 2014

To: Federal Communications Commission

Subject: C2PC for Corning MobileAccess,
IC ID: OJF1C85P19L70A17

To whom it may concern,

The product was originally authorized for FCC certification by Grant dated 09/13/2014.

The Grant was subject to the conditions of a limited waiver of the prohibition in paragraph 133 of the Signal Boosters Report and Order issued by FCC Wireless Telecommunications Bureau on July 26, 2013.

Corning MobileAccess requests a removal of the waiver and submits all the necessary exhibits to update the filing.

There have not been any changes made to the device and its original test data, reports, etc. submitted for the original application remain applicable.

We request a Permissive Change Class II based on the above.

Thank you for your assistance.

Regards

Steve Blum
