Re: Thales Communications, Model name: Liberty  
FCC ID: OKC-4102023501  
Parts 22, 90, 80 & 74

To Whom It May Concern,

Thales markets Land Mobile Radios through authorized Dealers to industrial or "Controlled" users. These radios are not distributed through "Public" distribution channels. As such, all users are trained for Occupational SAR levels to meet OET 65 requirements. The instructions are included with the Owner's Manual supplied in the box with each radio device.

Thank you,

A handwritten signature in blue ink that reads "Kimberly Appleby".
