## Long Term Confidentiality Request Letter

2/11/21

Eurofins Operations & Support, Inc.  
914 West Patapsco Avenue  
Baltimore, MD 21230

RE: CONFIDENTIALITY REQUEST FOR the VF200BM VesseLINK, FCC ID OKCVF200BM

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the Block Diagram, Schematic (4201336), and Parts List (4103140-501) required to be submitted with this application be permanently withheld from public review.

The above documents are company proprietary and if they became available to competitors it would greatly reduce the competitive advantages Thales Defense & Security, Inc. maintains. Since this design is a basis from which future technological products will evolve, Thales Defense & Security, Inc. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Scott Peters  
Director, Product Management  
240-864-7977
