

Utility Communications, Inc.  
P.O. Box 1366  
Valparaiso, IN 46384

November 7, 2011

To Whom It May Concern:

This authorization applies to Utility Communications, Inc. FCC ID: YMN-UTR1300.

Spectra Engineering has submitted for an equipment authorization based on the Utility Communications, Inc. YMN-UTR1300 Grant.

We are aware that Spectra Engineering Pty Ltd intends to market the above referenced product under their own FCC ID: OKRMX800FFV. Utility Communications will also continue to market the product under the YMN-UTR1300 Grant.

Spectra Engineering is the current and only manufacturer of this equipment. Utility Communications, Inc. is an OEM reseller of the equipment in the USA.

The only difference between the equipment being shipped to Utility Communications and the Spectra Engineering labelled equipment would be the front panel and front panel artwork.

The FCC ID label for the Spectra Engineering equipment would be located in the same position on the equipment as the Utility Communications labelled units.

Sincerely,

A handwritten signature in black ink, appearing to be "Brian B. B.", written over a light blue horizontal line.

Utility Communications, Inc.  
CEO
