Dear Sirs:

We respectfully wish to apply for a Class II permissive change for the above referenced FCC Identifier under the provisions of FCC rule 2.1043.

The changes involve the addition of three emission designators of 11K0F3E, 14K0F3E, and 16K0F3E for a Analog mode. The changes involve software only, and don't impact existing hardware or circuitry. The original filing had an incorrect emission designator of 8K10F7E which was an error. This will serve as a request to correct it to 9K80F7E which is correct. The applicant certifies that no party to this application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug abuse Act of 1988.

Our FRN number is 0006338289.

Your prompt attention to this matter is appreciated. Please let me know if there are any questions or if further data is required.

Sincerely,

SIGNED BY GARY JACOBS
