Power/Pair Button

PAIR

**Dock
Connector**

Connecting

1. Set your iPod audio device
   to iPod mode.

   *Refer to the user's manual for your
   specific device for instructions.*

2. Connect the IAB53 using
   the **Dock Connector**.

Power

1. Once connected for the first time, the
   unit should turn on automatically.
   If the unit does not power on, press
   and hold the Pair button for 3+
   seconds to power the unit on.

   *The **Pair /Power Indicator**
   will flash slowly.*

   *A beep will sound when the
   unit has been recognized.*

2. Repeat step one to power the unit off.

   *The **Pair /Power Indicator** will turn off.*

Pairing

1. Once the unit has been recognized,
   the **Pair /Power Indicator** will
   flash slowly when searching, then
   quickly to enter pairing mode.

   *If the unit does not enter pair
   mode automatically, press the
   power/Pair button once.*

2. Using the native controls
   on your Bluetooth device,
   select the "IAB53" to pair.

   *If your device requests a password,
   enter the default password " 0 0 0 0 ".*

   *Refer to the user's manual for your
   specific device for instructions on pairing
   and connecting Bluetooth devices.*

3. Press and Hold the **Power/Pair** button
   to turn off and disconnect the IAB53.

Warnings

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.
