Ref.: FCC Equipment Certification Application –TV Bands Device Certification

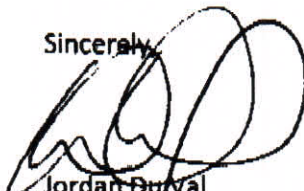

August 21, 2012

## Cover Letter Application for Equipment Certification

The electronically submitted Form 731 Application for Equipment Authorization and supporting documentation is being submitted by Spectrum Bridge Inc. acting as the agent for Meld Technology Inc.

Meld Technology has designed and developed a Part 15 Subpart H compliant TVBD that operates on channels 21 – 34 (512 - 596 MHz) and channels 39 – 51 (620 - 698 MHz) at less than 40mw transmit power. The Meld Technology MT300 radio conforms to the Spectrum Bridge, Inc. TV bands database API and the communication security methods used by the database. Meld Technology has chosen to certify the model MT300 with the Spectrum Bridge Inc. database.

Sincerely,

Jordan DuVal  
President/CEO
