Short-Term Confidentiality Extension Request

To Whom It May Concern:

In accordance with 0.457 and 0.459 of CFR 47, SK Teletech Co., Ltd. requests a extension of the short-term confidentiality until May 23, 2005 for the test setup photos, external photos, internal photos, and user's manual of the application filing.

These documents contain detailed system and equipment descriptions and related information about the product, which SK Teletech Co., Ltd. considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, SK Teletech Co., Ltd. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Sincerely,

Felix JIN/ QE Team
