iFIT Smartbeat

HEART RATE MONITOR ARMBAND

Train more effectively with the iFIT SmartBeat armband heart rate monitor. It senses your heart rate through optical PPG technology and syncs to your machine and the iFIT app. Wear it on your forearm or upper arm.

- Wear on forearm or upper arm
- Optical PPG heart rate sensing technology
- Bluetooth® Connectivity
- Syncs to iFIT app and equipment
- Adjustable, non-slip band
- One size fits all
- LED power button
- 30 hours of battery life per charge
- Magnetic charging cable

iFIT Smartbeat

CARDIOFREQUENZIMETRO DA BRACCIO

Allenati in modo più efficace con il cardiofrequenzimetro da braccio SmartBeat di iFIT. Ti misura il battito cardiaco usando la tecnologia ottica PPG e si sincronizza con la tua macchina e con l'app Cardio di iFIT. Puoi indossarlo all'avambraccio o nella parte superiore del braccio.

- Indossabile all'avambraccio o nella parte superiore del braccio.
- Misurazione della frequenza cardiaca con tecnologia ottica PPG.
- Connettività Bluetooth®.
- Sincronizzazione con l'attrezzatura e con l'app Cardio di iFIT.
- Bracciale anti-scivolo regolabile.
- Taglia unica.
- Pulsante di accensione LED.
- 30 ore di autonomia a ogni ricarica.
- Cavo di ricarica magnetico.

iFIT Smartbeat

BRAZALETE CON PULSÓMETRO

Entrena de una manera más eficiente con el pulsómetro de brazo iFIT SmartBeat. Detecta tu frecuencia cardíaca gracias a un sensor óptico que funciona por fotopleletismografía y que se sincroniza tanto con la máquina como con la aplicación iFIT Cardio. Póntelo en el antebrazo o en la zona del bíceps.

- Póntela en el antebrazo o en la zona del bíceps.
- Sensor óptico de frecuencia cardíaca por fotopleletismografía.
- Conectividad Bluetooth®.
- Se sincroniza con la aplicación iFIT Cardio y con el equipo.
- Banda ajustable antideslizante.
- Una talla válida para todos.
- Botón de encendido LED.
- 30 horas de batería por carga.
- Cable de carga magnético.

iFIT Smartbeat

PULSEIRA COM MONITOR CARDÍACO

Treine com mais eficácia com a pulseira com monitor cardíaco SmartBeat da iFIT. Ela utiliza tecnologia ótica PPG (fotopleletismografia) para captar o seu ritmo cardíaco e sincroniza com o equipamento e a aplicação iFIT Cardio. Use-a no braço ou no antebraço.

- Use-a no braço ou antebraço.
- Tecnologia ótica PPG de deteção do ritmo cardíaco.
- Ligação ao Bluetooth®.
- Sincroniza com o equipamento e a aplicação iFIT Cardio.
- Pulseira ajustável antiderrapante.
- Tamanho único.
- Botão de alimentação LED.
- 30 horas de bateria por carga.
- Cabo de carregamento magnético.

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
