## Certification Request Letter

Federal Communications Commission  
7435 Oakland Mills Road  
Columbia MD 21046

We are requesting a Class II Permissive Change for our Client:

Listen Technologies Corporation  
14912 Heritage Crest Way  
Bluffdale, UT 84065  
USA

FCC ID: OMD800-002

The client is requesting the addition of 3 optional antenna types to the device. The new antenna pattern information is attached to the filing, and the test report shows the device still meets the requirements of 15.237 with the new antenna types.

Thank you!
