Subject: FCC ID: ONCWPMS

Mr. Fujimoto:

In order for processing of this certification application (FCC ID: ONCWPMS) to continue, the following issue(s) will have to be addressed:

- 1) It appears that the intended location of the FCC ID label is on the interior of the device enclosure. This label must be visible at the time of purchase. Please either indicate how this will be accomplished, or choose another location for the label and submit a new diagram.
- 2) The operational description does not contain any reference to a "monitoring station". Is the "control panel" described therein actually the monitoring station? Please advise or clarify.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal. and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is ONCWPMS.

Best regards,
Scott McCutchan
