Columbia, MD 21046

20-Oct-2008,

Dear Sir / Madam:

Re: Class II Permissive Change filing with FCC ID: OOX-915C

The purpose of this application is to apply for a Class II permissive change to the **Wireless Transceiver Module** certified under FCC ID **OOX-915C** in accordance with 2.1043 of the Commissions rules.

The changes made to the product are summarized below and have been described fully in the exhibits submitted with this filing.

- 1) Improve the IF to baseband demodulator.
- 2) Improve startup at high temp.
- 3) Improve surge protection.
- 4) Improve thermal management and reduce power requirements.
- 5) Improve clocking.
- 6) Provide an alternative form of antenna diversity control.
- 7) Indoor diversity antenna with proprietary connector.

The product has been retested and found to continue to comply.

Please do not hesitate to contact me should you require any further information.

Sincerely

*Lawrence Gordon*
