

Changing bands, channels, and power settings

08 January 2006

To Whom It May Concern:

This letter serves as an official statement regarding changing bands, channels, and power settings on the radio card.

Changing between the international and domestic bands is done with a factory specific software load.

Changing to channels beyond the band chosen at purchase is done with a factory specific software load.

RF power selection is calibrated at the factory and locked to the limit set during device the test used for the test report.

Please contact me if there is any further information you may need.

Signatory,

A handwritten signature in black ink that reads 'James R. Carlson'.

James R. Carlson
CEO and President
Carlson Wireless Technologies Inc.
