

## IDENTIFICATION LABELS

The labels below are fitted as shown in the photo. The unit is marketed under various part numbers, all having common hardware and firmware but differing in cosmetic aspects such as color, housing style etc. All units bearing the Model Number "**PR006**" covered by the scope of this submission.

The labels are made of polycarbonate. The adhesive is 3M468 (or equivalent). The label quality and adhesion satisfies UL requirements.

### Label

UL approval will be sought. Once the unit is approved, the UL logo and details will also be added to the label.

The label is made of polycarbonate. The adhesive is 3M468 (or equivalent). The label quality and adhesion satisfies UL requirements.

### Rear Label
