RE: Dominion Wireless

FCC ID: OQUB76060

I have a comment on the recently uploaded document titled "Summary of Transmitter Packaging Modifications"

- 1.) Please note that the addition of an external antenna option will not be allowed for this filing. Changing of antennas from an integral -4dBi antenna to external +1dBi antenna is considered a change in power output and therefore would not qualify as a Class II Permissive Change. If external antennas are desired then a new Application with a new FCC ID should be filed with the Commission.
