Request for Modular Approval FCC ID: ORP-IBT-07

---

| Item | Requirements   | EUT   |
|------|--|---|
| 1    | Have its own RF shielding  | No. The shielding is not fully covered the RF part. Apply for Limited Modular Approval. The module was limited to be installed into the specified host. The host manufacturer is: ValenceTech Limited. Host Brand name is: ValenceTech; Host model name is: IBT07 BLUETOOTH SPEAKER SYSTEM. |
| 2    | Have buffered modulation/data inputs (if such inputs are provided)   | All inputs to the modules are buffered through logic and microprocessor inputs  |
| 3    | Have its own power supply regulation   | Module has no own power supply. It must be connected with host while working.   |
| 4    | Meet the antenna requirements of section 15.203  | The device contains a PCB antenna, and the maximum antenna gain is 0dBi.  |
| 5    | Demonstrate compliance in a stand-alone configuration  | Device is tested in a test fixture in a standalone configuration  |
| 6    | The licensed module must have a FCC ID label on the module itself. That FCC ID label must be visible through a window on the final device or it must be visible when an access panel, door or cover is easily removed. If not, a second label must be placed on the outside of the final device that contains the following text: Contains "FCC ID:ORP-IBT-07" | FCC ID label format will be included in the filling. Host ID label will be displayed on the host system.  |
| 7    | The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements.  | Please refer to "User Manual" Exhibit   |
| 8    | The module must comply with RF exposure requirements. See FCC Rules. Spread Spectrum transmitters  | RF exposure evaluation is exempted because of low output power (EIRP: 5.708mW).   |
