Re: compliance statement

Good Morning, Martha,

Thank you for your help in expediting this.

This is to advise you that the following statement will be included in the Manual due to size limitations:

"This device may not interfere with TV reception or Federal Government Radar, and must accept any interference received, including interference that may cause undesired operation".

Please contact me if there is anything else with which I may be able to assist you.

Thanks again.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Ogle".
