Re : Requesting a change the Equipment Classification

Dear Mr. Green,

Thank you very much for your kind cooperation.

We, Onetech Corp., would like to request the change the Equipment Classification of DSC to CRR for the following product.

FCC ID: OSLOKA-100R

Applicant: Omron Automotive Electronics Korea Co., Ltd.

Correspondence Reference Number: 10872

731 Confirmation Number: EA95974

This equipment is a receiver that is fixed inside a vehicle and then receives the signal from a transmitter, but we made a mistake in preparing a Form 731.

At the item 10, Equipment Code, on the Form 731, we have to select a CRR_Superregenerative receiver, but we selected DSC-Part 15 Security/Remote Control transmitter because of confusing.

Could you please change Equipment code DSC to CRR.

We does not send a Fee until now and we will send a Fee, U\$365.00 to the Mellon Bank on December 7, 1999.

We are really sorry for inconvenience to you regarding this matter.

Best Regards,

A handwritten signature in black ink, appearing to read 'Y. K. Kwon'.

Y. K. Kwon / Chief Engineer
