Applicant: GE Medical System Information Technologies Inc.
Subject: CARESCAPE Telemetry T14 Transmitter User's Manual Clarification for
FCC ID: OU52014748-002

Dear Ladies and/or Gentlemen:

This letter is to make a clarification regarding the CARESCAPE Telemetry T14 Transmitter User's Manual.

An electronic copy of the first draft of the complete user's manual was submitted as part of the required documentation for the FCC filing process for the CARESCAPE Telemetry T14 Transmitter. This copy of the user's manual is identified as "draft 1". The SAR level documented in page 28 of "draft 1" is incorrect. An excerpt of the user's manual, identified as "draft 2" was also submitted. The correct SAR level is documented in "draft 2", and it is intended to replace the incorrect SAR level information found in "draft 1" with the corrected information contained in "draft 2".

Sincerely,

A handwritten signature in black ink that reads "Mike Steinke".

Mike Steinike
Sr. RF Electrical Engineer
