

Subject: Change of Identification Authorization, FCC ID: M9MOEM805NX

Date: June 12, 2017

To Whom It May Concern:

This letter grants authorization for representatives of GE Healthcare to apply to the FCC for a change in identification as specified under 47CFR2.933 of the FCC rules.

This authorization applies to RF IDEas, Inc, FCC ID: M9MOEM805NX.

We are aware that GE Healthcare intends to market the above referenced product under their own FCC ID:OU52102462001. The originally approved model is identical in design and construction to the model that GE Healthcare integrates into their products.

This acknowledgement letter does not grant permission for the FCC, a TCB (Telecommunication Certification Body) or any other entity to provide GE Healthcare access to confidential information.

RF IDEas, Inc does not take ownership or responsibility for any modifications or changes GE Healthcare may have made to RF IDEas, Inc certified module. It is RF IDEas, Inc's understanding that GE Healthcare's plan is to leverage RF IDEas, Inc's existing data and confidential documents for a module certification and therefore has taken the necessary ownership for the module and their product certification.

Sincerely,

By:
