Pittsburgh, PA 15251-5315

Rescue Technology requests that the theory of operation, block diagram, circuit board photos, and schematic diagram submitted within this application for Certification be withheld from public inspection pursuant to the provisions of section 0.457(d).

The information contained within this application is confidential to Rescue Technology and took considerable time, effort, and expertise to develop. If the information were available to other potential competing companies, they could forgo most of the development time and expense, providing them with a potentially damaging and unfair competitive advantage.

Thank you,

John W. Hereford
President
