Re: Request for confidentiality per Section 0.459 of FCC Rules

Applicant: TranSystem

FCC ID: OUPP1804-2

To whom it may concern,

Request is hereby submitted, on behalf of my client TranSystem., to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier. In particular, the following sections of the application and report are requested to be kept confidential:

- Schematics
- Block diagrams
- Bill of materials
- Operational description

Rationale for request for confidentiality:

TranSystem has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would give them competitive advantage in developing similar products.

The \$135 fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in dark ink, appearing to read 'T N Cokenias', with a long, sweeping horizontal stroke at the end.
