Dear Mr. Lyles:

This letter is in reference to your email of November 12, 2002. Along with this letter, we have resubmitted a compiled version of the Axcera 117B manual in PDF format.

I have also resubmitted a compiled version of the schematics, block diagrams and Interconnect drawings. They are grouped in 2 files:

1. Receiver Schematics, Block Diagram and Interconnect
2. System, Upconverter/Amplifier Schematics, Block Diagrams and Interconnects

There are two subsequent equipment authorization reports (OUS836A & OUS835A-6) that we have filed in addition to this one. I will compile the manuals for those reports as well and resubmit them. I will make sure that all future exhibits will be submitted as you have requested.

Please contact me if you have any questions or if you need additional information. I can be reached by fax at (724) 873-8105 or phone at (724) 873-8100, extension 240.
