Washington, DC 20554

Gentlemen:

Axcera is submitting this FCC Type Acceptance report for the DT325B, a 350-watt VHF low-band digital television transmitter. We are applying for a low-power television, type acceptance approval for this VHF transmitter. The FCC identifier selected for this product is OUSDT325B.

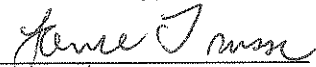

The DT325B is a complete 350-watt VHF solid-state digital transmitter. It operates at a nominal output power of 350 watts average, while meeting or exceeding the FCC stringent mask requirements.

The transmitter may also be operated at 35 watts average with equivalent or improved performance.

The enclosed application and test data report are intended to demonstrate compliance with FCC guidelines.

Please contact me if you have any questions or if you need additional information. I can be reached by fax at (724) 873-8105 or phone at (724) 873-8100, extension 211.

Sincerely,

A handwritten signature in cursive script, appearing to read "Lance Trussa", written over a horizontal line.

Lance Trussa
Test Engineer
