Re: Request for Confidentiality

We request that the enclosed design documents of our TR-120 product (FCC ID# is OUVO1GTRF), specifically our schematics and bill of materials, be held confidential. Extensive research and development efforts have provided us with radio technology that significantly outperforms much of the competition. This new technology gives our company a competitive advantage. Our efforts could be quickly undermined if the design information were to be made public.

Thank you in advance,

Chris Dulin  
President, Enrange Corp.
