Re:	FCC ID OVFKWC-SE47
Correspondence Reference Number:	25594

To Whom It May Concern:

Below please find responses to the FCC comments for the mentioned application:

1) Confirm that device cannot be used with slide closed while at the ear. Please submit associated SAR measurements otherwise.

This is to confirm that the phone (OVFKWC-SE47) cannot be used while the slide is closed at the ear configuration. The build-in Speaker and Mic are disabled in this configuration.

2) Updated user manual. Please provide wording to clearly state that other accessories than those tested are not authorized under RF exposure compliance.

The appropriate wording can be found in second paragraph under "FCC/IC Notice" (Page 3 of the user manual).

We trust this meets the requirements of the Commission. Please contact me at Tel: (858) 882-3945 or Email: cli@kyocera-wireless.com if there are any questions or additional information needed.
