D

R

Only 1 device can be paired to X Rocker at a time, to pair X Rocker with a mobile device, refer to the Bluetooth pairing procedures in corresponding mobile phone or music player user manual and follow the steps below:

- Make sure that there is no wired line that insert in your device before using bluetooth.
- Make sure that the power adapter light(A3) is on, and the bluetooth indicator light (A4) is slow flashing.
- Select the device name "X Rocker" on the screen of your device, add the unit to the your device's paired device list.
- When pairing is successful, the blue LED indicator(A4) will stay on.
- Confirm the connection on your device.
- Your X ROCKER is now connected and ready to play music! Just play music on your device as you normally would and the sound will come out of your X Rocker!

Keep in mind that X Rocker has a 30-feet / 10 meters range.

R

D

If you move out of range, or turn off the Bluetooth feature on your mobile device, X Rocker will disconnect from your device. To reconnect, simply access the Bluetooth Manager on your device and select "X Rocker" device listed.

C

C

D

If you want to switch from one device to another, follow the steps below:

- End the existing Bluetooth connection with the connected device, access the Bluetooth Manager and disable the Bluetooth function of the device.
- The X Rocker can now be connected to a different device.
- Follow the directions in "PAIRING YOUR X ROCKER" to connect a different device.

O

R

If the music device is out of range(beyond 30-feet / 10 meters) of the X Rocker, or there is something blocking the Bluetooth signal, the LED light will turn off to indicate that the Bluetooth connection with the music device has been lost.

To avoid a lost connection:

- Move the music device back into the range(within 30-feet / 10 meters), and/or make sure there is a clear line of sight and that there are no obstructions between the X Rocker and the music device.
- Within 30 seconds , the connection will automatically be re-established and the blue LED light will turn on. For your own device ,you need to re-start your music player .
- If the connection is lost for more than 30 seconds , the connection will need to be re-established, follow the directions in "Reconnecting Your Device".

TROUBLE SHOOTING

- Unable to connect to game console -

Most game consoles are shipped from the manufacturers with an Audio/Video RCA cable. The A/V RCA cable has three RCA plugs: a video plug (yellow) and two audio plugs (red and white). If your gaming console came with an A/V RCA cable, please follow the instructions supplied by the manufacturer for setting it up and connecting it to the TV. Please note that you must leave the red and white audio jacks on the A/V cable UNCONNECTED. Once the console is properly connected to your TV, please follow the diagram in the illustrated X Rocker Set-up guide to connect the gaming console to the X Rocker. If your gaming console was shipped with a coaxial cable, instead of an A/V RCA cable, you must follow an alternate set-up procedure (coaxial cable is the same type of cable that is used to connect a VCR to a TV). You will quickly recognize if your gaming console uses this type of cable. It connects the gaming console directly to the television and carries both the audio and video signal over a single cable. If your gaming console uses a coaxial cable, you CAN NOT connect it directly to the X Rocker. Instead, you must

Use an intermediary A/V device (such as a TV, VCR, DVD, TiVO, etc)

- a. Connect your gaming console to the intermediary A/V device via the coaxial cable.
- b. Connect the X Rocker to the 'Audio Out' jack on the intermediary A/V device.
- c. Follow diagram 2 in the X Rocker set-up guide to connect the X Rocker to the intermediary A/V device and finalize the setup.

If your gaming console is attached to an HD TV with an HDMI cable. You will need to connect the chair using either the audio out jacks on the back of the TV or by plugging into the headphone jack on the front of the TV.

- Unable to hear any sound from the X Rocker -

1. Check to ensure that the power adapter is properly connected to the power jack (A5). When properly connected, the indicator light (A) on the control panel should light up. If the indicator light does not light up, try to use another power outlet in your home.
2. Make sure the power unit is turned on and indicator light on the control panel is lit. If it is not, please check the power switch on the control panel.
3. When you use wire mode, just insert the wired line on control panel (A1) and your device.
4. When you use Bluetooth mode:
 - Make sure that there is no wired line that insert in your device before using bluetooth.
 - Make sure that the power adapter light(A3) is on, and the bluetooth indicator light (A4) is slow flashing.
 - Make sure the volume of X Rocker and the volume of mobile music device is set to a comfortable listening level.
 - Make sure you are within range of the X Rocker and your mobile music device is connected via Bluetooth technology with the X Rocker.
 - Make sure the audio jacks on the backrest and the seat are well connected.
5. please review the X Rocker illustrated set-up guide. Double check all audio connections. Finally, check that the volume on the hand remote is turned to an audible level on both the TV and the chair. If you have completed 1-5 and still do not hear sound, try connecting another audio source (CD player, television, VCR or game console) and go through the steps again. Still not working? Help is as easy as 1,2,3:
 - 1). Go to www.thexrocker.com for FAQ answers.
 - 2). Email service@acebayou.com
 - 3). Call our customer service department at 866.969.2603 or 931.359.2603. Office hours are 8:30am to 5:00pm central standard time.

WARRANTY PAGE

Limited Warranty:

Ace Bayou warrants this product (including any accessories) against defects in material and workmanship for a period of 90 days from the date of purchase. This warranty is enforceable only by the original purchaser.

ALL DAMAGED OR MISSING PARTS MUST BE REPORTED WITHIN 14 DAYS OF PURCHASE.

This warranty covers all defects in material and workmanship in this product, but DOES NOT COVER the following:

1. Damage, deterioration or malfunction resulting from:
 - a. Acts of God, accident, misuse, abuse, negligence, improper installation, maintenance or operation, or failure to follow the instructions contained in this owner's manual.
 - b. Any damage in the shipment of the product. (Claims must be presented to the carrier.)
 - c. Repair, attempted repair, or modifications by anyone other than the Ace Bayou Service Center.
2. Any unit which has been modified or attempted to be modified or altered in any way whatsoever.
3. Normal wear and periodic maintenance.
4. Any unit used for industrial or commercial purposes (including rental).
5. Products sold AS IS or WITH ALL FAULTS, or consumables (such as fuses, batteries, etc)
6. Customer installation, set up adjustments, or signal reception problems.

Ace Bayou will repair or replace (at its discretion) units covered by this warranty without charge to the consumer for labor or materials. YOU ARE RESPONSIBLE FOR INITIAL SHIPPING CHARGES. However, we will pay the return shipping charges to any destination within the USA if repairs are covered by the warranty.

REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY OF THE CONSUMER. ACE BAYOU SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESSED OR IMPLIED WARRANTY ON THIS PRODUCT. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE LENGTH OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

FCC NOTE:

THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

DO NOT SHIP ANYTHING TO US WITHOUT CONTACTING US FIRST. DO NOT SHIP ANY PARTS OR WHOLE UNITS TO THIS ADDRESS FOR REPAIR WITHOUT OUR PERMISSION.
