3-26-03 OW3NEM-2  
ATCB Comments...

Hello Dennis,

With regard to your question for OW3NEM-2: -

<<3-26-03 OW3NEM-2 ATCB Comments.pdf>>

I have received an answer from the program; it is correct that GSM1800 frequency band is part of the phone but not in use (disabled by software). Our transceiver NEM-2 does not support any other non US frequency bands.

Hope this helps.

Best Regards,  
Nerina
