RE: FCC ID: OW3RM-135_ATCB005926
Attention: Guido Paland

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please provide an exhibit "reason for PC2". This is important as the FCC wants to have a letter stating the purpose of the change.
2. Please note that the addition of HAC would only affect the part 22/24 portion of the device. The 731 lists parts 22/24/15C/15B as the rules applied for in the PC. Please confirm that only part 22/24 portion is needed for this PC. If part 15C and 15B is also being requested, please provide the test data for these rule parts.
3. Please note that in the HAC report some of the plotted data printouts are unreadable. Please provide data plots that are more easily read.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
