FREQUENCY & CHANNEL ATTESTATION

**XL-200P CID1 Multi-Band Portable Radio, Non-Rebanded
FCC ID: OWDTR-0146-E; IC: 3636B-0146**

The XL-200P CID1, Multi-Band Portable Radio, Non-Rebanded, does not operate in the 5250 - 5350 MHz and 5470 – 5725 MHz bands.

Additionally, the XL-200P radio does not operate in Wi-Fi channels 12 (2467 MHz) or 13 (2472 MHz).

Harris locks out these frequencies by use of Harris' Radio Program Manager and Feature Encryption. Harris' Radio Personality Manager is a software application that restricts the radio to only operate on allowable frequencies. Feature Encryption allows Harris to restrict the radio to only operate within allowable frequency bands.

A handwritten signature in black ink that reads "Thomas D. Camper, Jr." in a cursive script.
