EN 45001, NVLAP and VCCI Accredited Laboratory

**Certified by Rockford Engineering Services GmbH (A Competent Body)**

Date: Thursday April 13, 2000

Attn.: Authorization and Standards Division  
Federal Communications Commission  
Authorization and Evaluation Division  
7435 Oakland Mills Road  
Columbia, MD 21046

***File Number: FCC ID: OWS-921***  
***Subject: Application for Grant of Equipment Authorization***

To Whom It May Concern,

The enclosed documents constitute a formal submittal and application for a Grant of Equipment Authorization pursuant to Part 15, SubPart C, of the Rules and Regulations of the FCC, regarding Intentional Radiators, as the technical guide.

The data in this report demonstrates that the equipment tested complies with the FCC Part 15, SubPart B & C, Open Field Radiated Emissions, Occupied Bandwidth, Harmonics and Spurious Emissions, Maximum Peak Output Power Test limits for Class B & C devices.

This application was prepared by International Technology Company (ITC). If there are any questions or if further information is needed, please call us at (925) 862-2944 or fax (925) 862-9013. Thank you.

Yours sincerely,

Miss Funke Aderibigbe
